*: combination of exchangeable replacement lens option

Delivering maximum flexibility, functionality and reliability

Our projector range benefits from Ricoh's long history in precision optics and advanced lens technology, enabling you to you meet your presentation goals.

Ultra Short Throw

Flexibility and freedom of expression.

Combining a space-saving upright design and innovative free-form mirror system, the Ricoh Ultra Short Throw projectors bring cutting edge projector technology to the smallest spaces.

Short Throw

Projectors for maximum flexibility.

The Short Throw models make lessons and presentations more engaging and memorable. Combining short throw lenses and a ground-breaking 'Rear Front' design, the network projectors bring a personal touch to learning and collaboration.

Desk Edge

Designed for better meetings.

The Desk Edge projectors are designed to make meetings more productive. In addition to the benefits of table front operation, the projectors offer outstanding image quality and ease of use.

High End

Powerful projectors tailor-made for large spaces.

The High End models combine versatile connectivity with the ease of use and simple management demanded by businesses, schools, universities, hospitals, museums and conference centres.

Standard

The all round, high quality digital projector.

The Ricoh Standard projectors are supremely versatile projectors. Extensive connectivity options and powerful management features combine with outstanding image quality and great ease of use to satisfy the diverse needs of private and public sector organisations.

Entry Level

Bright, durable and simple to use.

These multi-purpose meeting room projectors are an economical option. Notable for their reliability and ease of use, they also feature a money-saving Eco Mode that cuts power consumption and extends lamp-life by 33% for a low total cost of ownership.

Handy

Mobile, versatile and as flexible as you are.

Easy to carry and set up, the Handy projector enables you to project almost anywhere. It's ideal for media and presentations in offices and classrooms.
